

On February 17, 2009, the American Recovery and Reinvestment Act (ARRA) was passed by Congress and signed into law by President Obama. ARRA provides increased support to several existing federal programs administered by states, creates new programs such as the State Fiscal Stabilization Fund, and offers opportunities for states to apply for competitive grant programs.

The American Recovery and Reinvestment Act's significant investment in North Carolina totaled almost \$19.5 billion, including assistance for those needing help the most through increases in unemployment benefits, Medicaid payments, and food stamps. In addition to those expanded services, ARRA gives hundreds of thousands of working North Carolinians a break through tax credits like the *Making Work Pay* tax credit and the *First Time Homebuyer's* tax credit.

The Recovery Act is not like earlier attempts to revive the nation's economy. It is not only a one-time infusion of federal funds; instead it is a long-term effort to restore economic expansion in the short-term, as well as prepare the nation's economy for stable, healthy long-term growth. Under the terms of the Recovery Act, support for North Carolina's economy will include both investments made directly by the federal government and investments of federal funds that are made under the oversight of the North Carolina state government.

American Recovery and Reinvestment Act Report, Mecklenburg County

Mecklenburg County received more than \$1 billion in ARRA funding in grants, loans, and bonds. The following report outlines the various funding categories that contributed to the Mecklenburg County total.

Pell Grant Awards:
20,584

Small Business Jobs:
1,786

Appliances rebated:
2,860

Family homes financed:
37

Grants: \$ 933,914,300.47
Loans: \$ 63,625,881
Bonds: \$ 68,008,000

Total: \$1,065,548,181.47

Education

The Recovery Act placed a special emphasis on maintaining education funding. Governor Beverly Perdue furthered this commitment by pledging additional recovery funds from the Recovery Act to education, and leading North Carolina to additional funds by winning \$400 million in the Race to the Top program.

Most of the ARRA education funds are distributed to local schools through existing funding formulas. Special Education Funds and Title I funds go to schools based on eligible student enrollment. State Fiscal Stabilization Funds (SFSF) and the EduJobs grants were designed to hold schools harmless during the recession, and were distributed to public and charter schools. The school systems have spent the majority of the funds on staff and support. Some projects, such as Race to the Top, will be spent for purchasing products and services rather than salaries for staff.

Authorization for low/no interest bonds for school construction/renovation followed the Department of Public Instruction procedures with initial allotments to the school systems. If a school system could not utilize their allotment, it was released to other school systems that could utilize additional allotments.

Mecklenburg County schools received \$260 million in education funding, including \$34 million in Special Education funds, \$25 million in Title I funds, \$104 million in SFSF funds, \$15 million in Race to the Top funding and a \$51 million bond allocation.

Pell Grants are an educational Assistance Program that provides grants to eligible students to receive post-secondary or vocational training. Because Pell Grants are not student loans, they allow students to receive financial assistance to further education and training without incurring additional debt. The American Recovery and Reinvestment Act increased the eligibility and the maximum amount of Pell Grants in 2009 and 2010 as a way to encourage educational opportunities, and to provide a way for eligible applicants to gain new job skills.

In Mecklenburg County, several institutions had 20,284 students funded by Pell Grants; these grants were worth more than \$30 million.

Family Assistance

The Federal Department of Agriculture increased funding to their Single-Family home program with the ARRA. These resources assisted families in achieving the American Dream of home ownership through direct financial assistance (grants) or credit (loan guarantees). This program pumped more than \$729 million into North Carolina, providing assistance to more than 5,400 families.

In Mecklenburg County, 37 families received assistance through this program totaling more than \$5 million.

The Department of Energy created the Energy Star Appliance rebate program to help stimulate the economy by incentivizing the purchase of new, more energy efficient appliances, and helping consumers by providing long-term savings from their utility bills. The State Energy Office in the North Carolina Department of Commerce managed the program insuring North Carolina residents and retailers received the maximum benefit from this opportunity. North Carolina retailers sold more than 25,500 new energy efficiency appliances through this program, and North Carolina

residents will enjoy energy savings for years to come. The program was so successful, that the State Energy Office reprogrammed additional funding to provide discounts to everyone participating in the program, bringing the total program value from \$8 up to \$10 Million.

Mecklenburg County retailers sold 2,860 appliances through the Energy Star Appliance rebate program.

Small Business Assistance

The ARRA provided tax breaks, increased depreciation of business assets, and incentives for hiring for small businesses through the tax law changes found in Part B of the Act. The Recovery Act also established direct aid programs through the federal Small Business Administration (SBA) and US Department of Agriculture (USDA). These programs provided grants, loans and loan guarantees to grant small businesses access to much-needed operational credit during 2009 and 2010.

In Mecklenburg County, 150 small businesses received SBA loan guarantees worth \$57 million. According to the small businesses receiving these loans, the Recovery Act saved or created 1,786 jobs.

CARS Program

The Car Allowance Rebate Program (CARS), more widely known as the 'Cash-for-Clunkers' program, provided an incentive for drivers of older, energy inefficient vehicles to upgrade to new cars. This program also provided a large economic impact in North Carolina, and North Carolina dealers received more than 18,000 trade-in vehicles through this program. North Carolina Car Dealers sold more than \$400,000,000 worth of new cars (recommended MSRP) through the CARS program. North Carolina drivers will save 172,130 miles per gallon through cars purchased through this program.

In Mecklenburg County, car dealers sold 1,896 cars worth \$51 million through the ARRA CARS program.

Justice and Public Safety Programs

ARRA increased funding to the federal Byrne Justice Assistance Grants Program (JAG). JAG funds were awarded both as a formula allocation to the State, for \$34.5 million, and grants distributed by the Governor's Crime Commission to various local governments and entities. In addition, \$21,853,798 went to 216 local governments across the state for various purposes in line with the requirements of the act. Finally, there is a federal competitive portion that was open to state or local government applicants.

In Mecklenburg County, the City of Charlotte, UNCC, and the Town of Mathews received JAG program grants worth more than \$7 million.

The COPS (Community Oriented Policing Services) awards grants to law enforcement agencies to hire and train community policing professionals, acquire and deploy cutting-edge crime-fighting technologies, and develop and test innovative policing strategies. COPS funding also provides training and technical assistance to community members and

local government leaders and all levels of law. In order to help leverage the efficiency of these programs Governor Perdue set aside additional funding to help pay for uniforms and equipment for local governments who have new COPS funded positions.

In Mecklenburg County, 50 new officers were funded through COPS Grants. These grants were worth more than \$8 million.

Broadband Programs

The Recovery Act funded two dedicated high-speed broadband programs, the USDA's Broadband Initiatives Program (BIP), and the US Department of Commerce's Broadband Technology Opportunities Program (BTOP). The BIP focused on the creation of new service or the expansion of existing services in rural areas, while the BTOP focused on statewide or regional development of important broadband infrastructure.

In Mecklenburg County, the Mecklenburg County received a BTOP grant to build a wireless public safety network worth \$16 million.

Environment and Natural Resources Programs

ARRA funded several programs to protect the environment, or to develop natural resources more efficiently. These programs ranged from environmental clean-up, such as leaking underground storage tank abatement and Brownfields programs, to EPA clean air grants, wildfire prevention grants, and revolving funds to build, expand, or overhaul existing water and sewer programs. These programs provided nearly \$150 million across North Carolina.

In Mecklenburg County, the Mecklenburg County Government and the City of Charlotte received more than \$5 million for water and sewer projects.

Green Energy Programs

One of the goals of ARRA was to provide grants to help conserve energy and assist in the development of a green economy. The State Energy Office in the North Carolina Department of Commerce received large grants for energy conservation under the American Recovery and Reinvestment Act. These grants include the Energy Efficiency Conservation Block Grant (EECBG), funded at just under \$20 million, and the State Energy Plan (SEP), funded at \$70 million. The State Energy Office then used these grants to make awards to businesses, non-profits, and local governments for various purposes.

In Mecklenburg County, received around \$1.5 million in SEP and EECBG funding. This includes projects to upgrade municipal lighting and energy efficiency improvements to buildings, funds for Central Piedmont Community College, and Charlotte-Mecklenburg schools, solar power programs, Main Street business upgrades, and 13 interns placed in local government and developing green businesses.

Additionally, the Department of Energy granted \$500,000 to UNCC for advance research, and \$49 million to Celgard to develop the next generation of batteries. DOE also grant Duke Energy almost \$4 million for electricity delivery research and improvements.

Military Programs

The American Recovery and Reinvestment Act included approximately \$7.4 billion in defense-related appropriations. This includes funding for all service areas and the Army Corps of Engineers. Recovery Act funding addressed some of the unique economic pressures faced by American service members because of their voluntary commitment to serve our nation. The Recovery Act included assistance to service members, upgrades aimed to improve the quality of life for troops and their families, funded three new facilities, and two new VA hospitals in North Carolina, addressing critical needs across the state. In addition to providing much needed facility improvements, this bill also provides more funding for our energy research programs, so that Department of Defense (DOD) can continue to lead the way in the national effort to achieve greater energy independence. North Carolina had 103 military projects funded for a total of \$166 million.

In Mecklenburg County, the Department of the Navy contracted for \$8 million in improvements in the Navy Operational Support Center Facility.

Safety Net Programs

Safety net programs are the category of ARRA funding that consists of programs designed to help populations made particularly vulnerable by the economic crisis. These generally include increases in existing programs, most notably the increase in both benefit level and duration of unemployment payments. Increases in the amount and duration of unemployment payments makes up the largest chunk of safety net programs funded through the Recovery Act, totaling more than \$3.5 billion statewide over more than two years. Safety net programs such as unemployment insurance and SNAP (formerly known as Food Stamps), not only benefit the recipient, but have a proven economic impact on a community.

Mecklenburg County residents received \$385 million in Unemployment Insurance increases during the 2 ½ year ARRA benefits increase. County residents also received \$55 million in SNAP benefit increases, and \$26 million in one-time payments of \$250 to social security recipients.

Mecklenburg County received more than \$400,000 for Head Start Programs.

Mecklenburg County Feature Story

Charlotte Puts COPS to Work

The Community Oriented Policing Services Grant (COPS) is a national competitive grant established by the U.S. Department of Justice. COPS funding provides training and technical assistance to community members and local government leaders and all levels of law enforcement. North Carolina received \$30,956,114 in COPS funding, which represents 202 officers in 50 communities. The Charlotte-Mecklenburg Police Department took advantage of the Recovery-funded COPS program, and was able to place 50 new officers with Recovery Funds.

These officers will have jobs and benefits for the next four years thanks to the grant. Fifty more officers are on the street protecting the Charlotte-Mecklenburg community because of the Recovery Act.

Attorney General Eric Holder attended the graduation ceremony for the 158th recruit class for the Charlotte-Mecklenburg Police Department.

Attorney General Holder shakes hands with a graduating officer. Photo by Lonnie Tague.

The Attorney General met and shook hands with the graduates prior to the ceremony to welcome them to their new careers in public safety. At the ceremony, the Attorney General addressed the audience:

"Today, I'm honored to join Chief Monroe in welcoming 51 new additions to this team, and I want to thank you for inviting me to participate in today's ceremony."

As we commemorate this milestone and honor these graduates, all of us should pause and reflect on the fact that, without the historic investment of last year's American Recovery and Investment Act, which was signed into law one year ago this week, we wouldn't be here today. That's because 50 of the 51 police jobs being filled by today's graduates were created through this legislative effort. Without the Recovery Act, the public safety needs and challenges these graduates will soon address here in the Charlotte-Mecklenburg area may have gone unmet".

ⁱ Recipient Role are as follows: P is a prime recipient; S is a Sub-recipient; PV is a vendor to a prime recipient; SV is a vendor to a sub-recipient; L is a loan recipient.

ⁱⁱ Prime Amounts are unique prime awards within a county. These are entities who have received funding directly from a federal agency, and are required to report directly to www.federalreporting.gov

ⁱⁱⁱ Unique Sub Awards are amounts that flow into a county from a source that is NOT directly from a Federal Agency. Generally these are funds awarded to the North Carolina State Government that have been directed to a local source.

^{iv} Additional Economic Activity are economic activity attributable to a previous funding category. They may be a sub award by a prime recipient within a county, or a contract funded by one of the previous three columns. This economic activity is not counted toward the county total.
